STEP TIP

PRECISE
holes
every time

You may have heard of our game-changing Alpha Onsite+ Step Tip Drill Bit, which has revolutionised cutting and drilling practices in the trade industry.

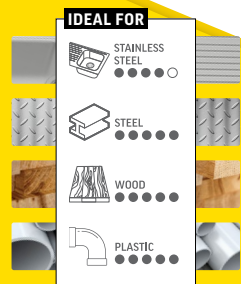

Now, it's time to discover the difference our unique step tip design brings to your holesaw experience.

Meet the Alpha Onsite+ Step Tip Arbor and Pilot Drill – giving you a cleaner, faster, and more precise holesaw experience. Its unique design stays sharp, reduces wandering and skips the need for pilot holes, saving time and making every holesaw job easier.

PILOT DRILL RANGE:

Step Tip HSS Pilot Drill

- **Unique Patented Step Tip design** reduces heat & stays sharper longer
- **Fast accurate hole starting** without pre-drilling
- **Round accurate holes** without burring
- **Fully ground Premium M2 HSS** for extended life
- **Easier & safer to use** with no jamming or binding

IMPORTANT TIP

ALWAYS USE cutting lubricant when drilling through metal.

PREMIUM PACKAGING

To match the performance

Our product packaging features:

- **Strengthened brand identity** for superior brand recognition & loyalty
- **Clearly displayed product information** for easy self-selection
- **Modern design** creates a cohesive & strong on-shelf presence by unifying display & packaging
- **Bold new colouring** enhances self-selection & differentiation of ranges
- **Clear definition of applications** through merchandiser & card design
- **Universal information hierarchy** reads information in the same format across all Alpha products

HEAT SEALED

for enhanced product security

HANG TAG

for premium merchandising
